

SIBERIAN ARBORVITAE

This is the most useful for foundation planting. It can be grown either as a broad pyramid or sheared ball-shaped. Thick, dark green foliage.

15 to 18 inch ----- each \$3.00
18 to 24 inch ----- each \$4.50

MUGHO PINE

Compact ball of long green needles. Spring growth looks like little candles.

15 to 18 inch spread -- each \$3.25
18 to 24 inch spread -- each \$4.50
24 to 34 inch spread -- each \$6.00

This is the new U. of Minn. Rose

Potted plants

\$2.50 each

RADIANT FLOWERING CRAB

This new introduction of the State Fruit Breeding Farm is a very valuable addition to the ornamental crab list. A very compact, symmetrical growing tree. Blossoms are good red and fruit is small, bright red, hanging on the tree well.

Well-grown, 2-yr. old trees — 5 to 6 ft. -- each \$2.75

RED SPLENDOR FLOWERING CRAB

A sport of Hopa. It has beautiful red blossoms, extremely hardy. Fruit small, dark red, and will hang on the tree all winter.

5 to 6 ft. trees, well branched ----- each \$2.25

Philadelphia, Minnesota Snowflake
(Pat. No. 538)

An outstanding introduction; every blossom very double, sweet-scented; very profuse bloomer. A graceful, well branched shrub retaining its foliage better than most of the Mock Oranges.

2 to 3 ft. ----- each \$1.50

62

NEW IMPROVED APPLES

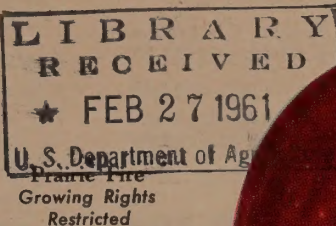

From Minnesota's Experiment Station.

[1961]

Peters Evergreen Nursery
Sherburn, Minn.
Prices of All Varieties.

Plant an Apple Tree for Shade and Fruit.

Well branched, 5 to 6 ft. ---- each \$2.00

BEACON: Early red, very good eating fresh from the tree.

MINJON: Red, ripens same time as Wealthy. Good flavor.

PRAIRIE SPY: The best of all for baking. Heavy producer.

FIRESIDE: Will keep all winter. The finest winter apple of them all, with that outstanding nutty flavor.

GROOTENDORST SUPREME: Very hardy, red clusters of small roses all summer. ----- each \$1.35

SPECIMEN EVERGREENS

Will be dug, balled and burlapped.

— FOR LANDSCAPE PLANTING —

COLORADO BLUE SPRUCE: Choice "Shiners" from the finest block of trees we have ever grown.

24—30 inch ----- each \$5.50

30—36 inch ----- each \$6.50

36—42 inch ----- each \$7.50

42—60 inch ----- each \$10.00

COLORADO GREEN SPRUCE: The same high quality tree in every way except color.

24—30 inch ----- each \$3.50

30—36 inch ----- each \$4.50

36—42 inch ----- each \$5.00

42—60 inch ----- each \$8.00

BLACK HILLS SPRUCE: Has proven its value for this area. A very compact growing tree, from little up.

15—18 inch ----- each \$2.25

18—24 inch ----- each \$3.50

30—36 inch ----- each \$5.00

36—60 inch ----- each \$7.50

CONCOLOR FIR: Will make a most beautiful lawn tree. Even, blue color.

15—18 inch trees ----- each \$3.25

18—24 inch trees ----- each \$4.25

BALSAM FIR: A rapid growing tree. Valuable both as a lawn tree and windbreak.

5 ft. specimens ----- each \$7.00

TAXUS OR YEW: Variety Haloran. A comparatively new evergreen in this area. Holds its dark green color all through the winter. Will thrive in complete shade.

12—15 inch ----- each \$4.00

15—18 inch ----- each \$5.50

ANDORRA JUNIPER: Prostrate habit of growth. Silvery green in summer, rich purple bronze in autumn.

15—18 inch ----- each \$3.00

18—24 inch ----- each \$4.00

SAVIN JUNIPER: Half erect, fanlike form with graceful arching dark green branches.

12—18 inch ----- each \$2.50

18—24 inch ----- each \$4.00

24—30 inch ----- each \$6.00

PFITZER JUNIPER: A low growing, informal spreading type. Grey-green foliage on graceful horizontal branches.

18—24 inch ----- each \$4.00

24—30 inch ----- each \$6.00

MANEYI JUNIPER: A new Ames, Iowa introduction. Coarse blue-green foliage. Can be sheared as an upright or a spreading type. Very desirable for foundation planting.

18—24 inch ----- each \$4.50

HETZI JUNIPER: Sometimes called the blue Pfitzer. Grows fast, with its blue green foliage makes a wonderful contrast.

24—30 inch ----- each \$5.00

UPRIGHT or CONE-SHAPED EVERGREENS
DUNDEE JUNIPER: This is by far the best dark green upright Juniper. Must be kept sheared.

2—3 foot ----- each \$5.00

3—4 foot ----- each \$6.50

WELCHI JUNIPER: It's silver blue color and compact habit of growth makes this a very desirable upright Juniper.

2—3 foot ----- each \$6.00

3—4 foot ----- each \$8.00

PYRAMIDAL ARBORVITAE: Grows tall and slim with very little shearing. Does well in part shade.

2—3 foot ----- each \$4.50

3—4 foot ----- each \$5.50

Windbreak Trees

AND SHRUBS

For protection against snow and wind be sure to make the very outside row to the north and west, Honeysuckle.

BELLA ALBIDA HONEYSUCKLE: This is one of the best varieties that should be used for Wind Break planting. Don't be fooled into planting seedlings of some southern grown stock. None will compare with this old standby. One row with plants set 4 feet apart in the row, is all you need to stop the snow. Heavy field grown, from cuttings, well-rooted.
18—24 inch, branched --- 100 for \$17.50
12—18 inch, branched --- 100 for \$15.00

POPLAR ROBUSTA: The fastest growing tree there is. One year old.
3—4 ft. --- 10 for \$3.50
2—3 ft. --- 25 for \$5.00

GREEN ASH: The dependable hardwood for permanent wind break.
2—3 ft. seedlings --- 100 for \$8.50

WIND BREAK EVERGREENS: Black Hills and Colorado green spruce
10—15 inch, dug bare root -- each \$1.00

SCOTCH PINE: A very desirable tree if you want to grow pine trees. Five year old.
18—24 inch, dug bare root -- each \$1.75

BALSAM FIR: Very useful in part shade or in moist locations. 5 year transplants.
10—15 inch, dug bare root -- each \$1.25

SMALL FRUITS

— STRAWBERRIES —

SENATOR DUNLAP: A dependable June bearing strawberry. Excellent for home use. "Virus Free" plants from Delaware.
100 plants for \$3.00

TRUMPETER: Another new one. Just named for 1960 introduction. Also known as (1788). 1 week later than Dunlap 50 plants \$3.00

OGALLALA: New everbearing variety. A cross with wild Rocky Mt. Strawberry. Unmatched flavor. 50 plants for \$3.00

GRAPES: Concord, bears large bunches of sweet, juicy, blue-black grapes every year. Requires winter protection. 3 for \$1.25

GRAPES: Fredonia, ripens 3 weeks earlier than Concord. Requires winter protection. 3 for \$1.25

RHUBARB: Valentine red, very tender stalks of extra large size. Tremendous yielder.
No. 1 divisions --- each 65c

ASPARAGUS: Mary Washington, a very good variety for our soil. Easy to grow.
25 plants for \$1.50 100 for \$5.00

RASPBERRY: Red Latham. Most dependable of the older varieties.
10 plants \$2.00 100 for \$18.00

RASPBERRY: New Durham Red. This wonderful new berry provides fresh fruit until frost. Large beautiful red berries.
10 plants for \$2.00 100 for \$18.00

VINES

BOSTON IVY: (Parthenocissus Tricuspidata) A rapid growing vine that will cling to bricks, stone and cement without support. Heavy 2-year plants, potted. \$1.25 each

HONEYSUCKLE HECKROTTI: Everblooming. May until frost. Flame-red trumpets lined with gold. Heavy, 2-yr. plants, each \$1.00

CLEMATIS: Jackmani, purple; Mme. Edw. Andre, red; Henri, white --- each \$1.50

PLANT AN ORCHARD

(The New Minnesota Apples Are Listed On Front Page)

APPLE TREES

3—4 foot --- each \$1.50
4—5 foot --- each \$2.00

CHESTNUT CRAB: A new Minnesota introduction.

WHITNEY CRAB: This well known early crab is still in big demand. Include one or more in your planting.

RED DELICIOUS: Large red summer apple. This tree has produced good crops here for years.

GOLDEN DELICIOUS: Grown from a tree right here at home. Like the Red Delicious, it has produced well for several years.

YELLOW TRANSPARENT: The well known early summer apple. Always in demand.

WEALTHY: One of Minnesota's most popular late fall apples.

MINNESOTA No. 1430: A cross of Golden Delicious and Red Duchess. Ripens early. Recommended for Southern Minnesota.

DUCHESS: Everyone knows this variety. Ripens early. One of the oldest.

CONNEL RED: A bud sport of Fireside. (Pat. No. 1602). Fruit smooth, round solid dark red. With all of the high qualities of Fireside. Good 6-ft. trees --- each \$3.25

RED DELICIOUS: We have also budded these from a locally grown tree that has produced well for many years.

ORIOLE: A large attractive early summer apple of top quality for dessert or cooking. Rated as a new harvest apple.

HARALSON: Perhaps the most popular winter apple. Keeps all winter. Tends to bear early.

REDWELL: A new introduction from Minnesota Fruit Farm. Ripens same time as Wealthy. All red color.

PRUNE TREES

MT. ROYAL: Genuine prune. Nothing finer than tree ripened prunes. Hardy. \$2.50 each

PLUM TREES

1 year old, from buds --- \$1.75

SUPERIOR: Originated by the Minnesota Fruit Breeding Farm. Very large, delicious red plum. Rich sweet flavor.

TOKA: A good red plum. One of the best as a pollinizer.

REDCOAT: (Free Stone) This new Minn. plum bears heavy loads of all red, prune shaped fruit with a perfect free stone.

SAPALTA: A cherry-plum from Canada. The fruit is like Sapa. Delicious eaten fresh, or for pies.

PEAR TREES

PARKER: One of the sweetest, juiciest pears that grows. Ripens in early September.

GOLDEN SPICE: A flavorful new canning pear that's hardy throughout Minnesota. Plant one of each for best results.

2 trees (one of each) --- \$4.00

NEW DWARF CHERRY

KROEKER'S CHERRY: A dwarf cherry that has proven its ability to produce top quality fruit over a period of years. Big red cherries on 5 to 7 ft. trees. Excellent for pies. 1-yr.-old trees, 3 ft. and up -- ea. \$2.00

Shade Trees

SCHWEDLERI MAPLE: This is no doubt the most dependable RED leaf Maple. Leaves are red in spring, green in summer, turning to yellow in fall.

8—10 foot, branched --- each \$7.50
6—8 foot, branched --- each \$5.50
6—7 foot whips --- each \$4.00

NORWAY MAPLE: The fastest growing of all the hard maples. A very desirable shade tree. Large green leaves all summer. A bright yellow in the fall.

Straight 7—8 foot whips --- each \$3.50

MCGILLS SPECIAL NORWAY MAPLE: a new introduction that promises to develop into an outstanding tree. A selection of Norway.

Straight 7—8 foot whips --- each \$4.25

COLUMNAR NORWAY MAPLE: A very upright growing tree. Outstanding where a tall narrow tree is desired. A sport of Norway Maple.

Straight 9—10 foot whips --- each \$6.00

HARD or SUGAR MAPLE: A native of Minnesota. One of our finest shade trees. With favorable soil conditions the leaves will turn bronze red in fall.

6—8 foot trees, branched --- each \$4.50
8-10 foot trees, branched --- each \$6.00

REDMOND LINDEN: A fast growing, uniform, conical top makes it ideal for use as a tree of natural beauty. Same large leaves as the regular basswood.

6—7 foot, branched trees -- each \$5.00

MARSHALL'S SEEDLESS ASH: A selection of ash (male tree) from the Marshall Nurseries, Arlington, Nebr. Large dark green leaves. A beautiful tree.

6—8 foot well branched --- each \$6.00

CRIMSON KING MAPLE (Pat. No. 735): Comes out red in spring and holds its color all summer. Trunk needs to be wrapped for several years when planted.

7—8 foot whips --- each \$5.00

SUNBURST LOCUST (Pat. No. 1313): The beauty of this tree is its golden tipped foliage. Very fast growing, may need staking to develop a straight leader. No seed pods, no thorns.

6—7 foot whips --- each \$5.25

SKYLINE LOCUST: A new selection of locust. Dark green leaves, upright habit of growth. Seldom needs staking. No seed pods. No thorns.

5—6 foot whips --- each \$4.50

LAKE CITY ELM: A grafted form of American Elm, selected for their uniformity, good shape and fast growth.

8—10 foot, well branched -- each \$4.50
6—8 foot, well branched -- each \$3.25

GREEN ASH: The old reliable for this area.

5—6 foot, well branched --- each \$2.50

LOMBARDY POPLAR: Widely used for tall screens and accent plants. Glossy leaves that shimmer in the breeze.

6—8 foot, 2-year-old --- each \$1.50
4—5 foot, 1-year old --- each 50c
3—4 foot --- 10 for \$3.50

BOLLEANA POPLAR: Grows somewhat broader than lombardy. Green bark, silver leaves. Well branched 2-year old.

4—5 foot --- each \$1.75

POPLAR ROBUSTA: A new hybrid that is supposed to grow 60 feet in 6 years. Surely the fastest growing tree there is. Large leaf.

8—10 foot, transplanted --- each \$2.00
4—6 foot, 1-year-old --- each 50c

PUSSY WILLOW: A new French hybrid. Extra large catkins.

Branched, potted --- each \$1.00

WHITE CLUMP BIRCH: For that "natural look", plant three trees in the same hole.

2—3 foot trees, potted --- 3 for \$2.00

CUT-LEAF WEEP BIRCH

A graceful white-barked tree of weeping habit. Tall and slender, with branches bending to the ground. Delicately cut leaves.

8 to 10 ft. trees ----- each \$9.00

FREE LANDSCAPE PLANS
